UNI EN 1335 | D. Lgs. 81/2008

Warranty: 5 years

DESCRIPTION

Task chair, white high backrest with black structure, adjustable lumbar support, synchro with sliding seat, adjustable armrests 4D, white nylon base, Ø 50 mm white wheels, white plastic.

BACKREST: made of high resistance white elastomerized polypropylene, supported by a polyamide glassfiber reinforced blade in black finish, the lumbar support is adjustable in height by sliding lane with 100mm excursion (standard in the colours of the backrest).

SEAT: padding in fire-retardant expanded polyurethane, density 50 Kg/m³, with insert polypropylene reinforced by transverse steel bars.

ARMRESTS: 4D armrest: (height wide depth and inclination) T shape version black or white with soft polyurethane pad.

MECHANISM: synchro with 5 programmed lock positions and standard integrated sliding seat.

BASE: white nylon fiberglass-filled.

CASTORS: white rubber, self-breaking Ø 50 mm (standard combined to the colour base).

MAINTENANCE

CHROME PLATED PARTS: Clean with a soft cloth with some neutral detergent to polish the steel.

PAINTED PARTS: Clean with soft cloth dampened slightly with water and dry with a dry cloth.

PLASTIC PARTS: Use soft cloth dampened slightly with water, without insistance, then dry with a dry cloth

ALUMINIUM PARTS: To clean use only specific products to polish metal parts in order to reduce the
natural oxidation due to the hands contact. The aluminum parts tarnish naturally. LUXY recommends not using chemical detergents.

FABRIC: Fabric: pour some drops of neutral detergent on a damp and wringed out cloth, rub gently on the seat and leave it dry. See maintenance instructions on LUXY upholstery book. Luxy recommends using ecological products.

LETHER: Leather is a natural product. Imperfections give to the material its unmistakable aspect. In presence of marks, they have to be removed with a soft wool cloth. In case of ingrained stains, use only products for leather coloured with aniline. Do not expose leather to direct sunlight. Luxy recommends using ecological products.

CASTORS/FEET: For the enduser security and for different types of floor, different types of
castors are available, as per security rules:
- hard castors for sift floors
- rubber castors for hard floors (standard).
