COZY

DESCRIPTION

COZY: Cozy is a family of lounge chairs with low or high backrest, available with a four wooden legs or a four star swivel base. The various configurations allow for different usage and space requirements, offering more compact or more enveloping solutions, suitable for both hospitality settings and the home environment. The collection is complemented by matching ottomans, available in a floor-standing version or with a four star base, designed to expand the possibilities for arrangement and use.

POUF: fire-retardant polyurethane foam with varying densities depending on the area of use, max 40 kg/m³, min 25 kg/m³ for the seat.

STRUCTURE: armchair frame made of FSC-certified fir and beech plywood, with thicknesses ranging from 18 mm to 28 mm.

BASE: swivel with 4 star.

UPHOLSTERY: you can customize your choice from a wide range of available colors.

INDICATIONS FOR USE

Full use of the seating area

The entire surface of the contoured seat must be occupied. Only then can proper contact with the backrest—and thus adequate support—be ensured.

MAINTENANCE AND CLEANING

Metallo components

When cleaning, use products specifically designed for polishing metals to slow down the natural oxidation caused by contact.

Upholstery and padded

Any stains on the upholstery fabric can be removed using either mild, neutral detergents or specific products recommended by the manufacturer, such as sanitizers and water-repellent treatments, to help maintain the upholstery in good condition.

If the padding has structural issues that require maintenance, it must be handled exclusively by qualified personnel.

SUPPORT

Service support must be performed exclusively by specially trained personnel, and requests must be submitted directly to LUXY as the manufacturer. Maintenance and component replacements performed by unauthorized personnel will void the warranty.

WARRANTY

Our products are covered by a 5 (five)-year warranty, which covers defects in workmanship or materials not attributable to misuse or improper use of the product.

Excluded from the warranty are excessive or improper use of the product, natural wear and tear of materials (fabrics), defects caused by repairs performed outside the manufacturer's facilities, and defects due to humid environments or atmospheres containing salt or acids. Our warranties cover the workmanship applied to the production materials and not the materials' intrinsic qualities.

PRODUCT INFORMATION

The materials used are recyclable. At the end of its useful life, do not dispose of the product in the environment; instead, dispose of it according to the type of material. The company reserves the right to make changes to this catalog and to its products without prior notice.
