MAINTENANCE AND CLEANING

Metal Parts

For cleaning, use specific products for metal polishing to slow down natural oxidation due to contact.

Upholstery and Padding

Any stains on the fabric upholstery can be eliminated either with mild neutral detergents or with specific products indicated by the manufacturer as sanitizing and water-repellent, for better preservation of the good maintenance condition of the upholstery itself. If the padding presents structural issues requiring maintenance, it must be handled exclusively by specialized personnel.

ASSISTANCE

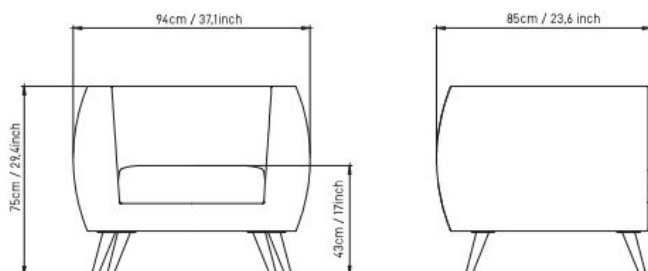

Service operations must be carried out exclusively by specially trained personnel, and requests must be submitted directly to LUXY as the manufacturer. Maintenance and component replacements performed by unauthorized personnel will void the warranty.

WARRANTY

Our products are guaranteed for 5 (five) years and cover manufacturing defects or defects in materials not attributable to misuse of the product or improper use. Excluded from the warranty are excessive or improper use of the product, natural wear and tear of materials (fabrics), defects caused by interventions carried out outside the manufacturer's premises, defects due to humid environments or atmospheres with the presence of salt or acids. Our warranties reflect the processes carried out on the manufacturing materials and not their intrinsic qualities.

PRODUCT INFORMATION

The materials used are recyclable. At the end of its use, do not dispose of the product in the environment, but dispose of it according to the type of material. The company reserves the right to make changes to this catalog and production without prior notice.
