Modello IT26

Codice 4ITGI40

DESCRIPTION

ITALIA is a collection of executive and representative chairs, a project in which innovation and history come together, finding the perfect balance between shapes and colours. We have gone beyond the known technology of office seating. The range is available with high or medium backrest; the mechanism can be synchron or selfweighting synchron ensuring ergonomics and comfort. The design and technology are completely innovative. A Wide range of upholstery can be chosen to personalise Italia, which is also available in a bi-colour version.

"Extra soft": with quilted back padding;

FABRIC: You can customize the choice according to a wide range of available colors. Also in the bi-color version.

SEAT: padded with fire-retardant cold-foamed flexible polyurethane, density 50 kg/m³, with high-resistance steel insert. BACKREST: padded with fire-retardant coldfoamed flexible polyurethane, density 55 kg/m³ with structural insert in rigid polyurethane.

MECHANISM: synchron mechanism with lateral intensity adjustment and antishock device, 20° backrest inclination and 8° seat inclination, 5 locking positions and 60 mm sliding adjustment

BASE: swivel with 5 die-cast aluminium spokes with polished or epoxy powder coated in Black (NE), White (BI), Grey (GG), Water Green (VD), Powder (MT), Ivory (SB). Black column in the painted versions (NE, GG, VD, MT, SB), white in the (BI) version, chromed in the chrome version (CR).

CASTORS: 0 65 mm self-braking black rubber on versions with black (NE), grey (GG), water green (VD), powder (MT), ivory (SB), chrome (CR) bases, and white (BI) with white bases.

GLIDES: height 65 mm, in plastic with inserts for all floors, available in chrome, black and white.

INSTRUCTIONS FOR USE

Use of the entire seating surface. The surface of the anatomical seat must be fully occupied. This is the only way to ensure correct contact with the backrest and thus adequate support.

EQUIPMENT MAINTENANCE AND CLEANING

Metal Parts: For cleaning, use specific products for metal polishing to slow down natural oxidation due to contact. Coating and Padding: Any stains on the fabric coating can be removed either with mild neutral detergents or with specific products recommended by the manufacturer as sanitizing and water-repellent, for better preservation of the coating's good condition. If the paddings have structural issues requiring maintenance, they should be handled exclusively by specialized personnel.

ASSISTANCE

Service operations must be carried out exclusively by specially trained personnel, and requests should be forwarded directly to LUXY as the manufacturer. Maintenance and component replacements carried out by unauthorized personnel will void the warranty.

WARRANTY

Our products are guaranteed for 5 (five) years and cover manufacturing defects or defects in materials not attributable to misuse of the product or improper use. Excluded from the warranty are excessive or incorrect use of the product, natural wear and tear of materials (fabrics), defects caused by interventions carried out outside the manufacturer's premises, defects due to humid environments or atmospheres with presence of salt or acids. Our warranties reflect the workmanship on the production materials and not their intrinsic qualities.

PRODUCT INFORMATIONS

The materials used are recyclable. At the end of its use, please do not dispose of the product in the environment but dispose of it according to the type of material. The company reserves the right to make changes to this catalog and production without prior notice.
