

SWITCH

ARTICOL: SW1

CODE: 4SWDI02

DESCRIPTION

SWITCH is a collection of office chairs certified according to the new European standard EN1335-1:2020, where modern design and ergonomics come together to create a chair that perfectly meets everyday work needs. The version with headrest and aluminum blade makes Switch a versatile product, suitable for executive ergonomic use as well.

BACKREST: Made of high-strength polypropylene loaded with glass fiber, supported by a back blade. The back blade contains the adjustable lumbar support, both in height, via a button, and in depth, via a knob located in the central part of the backrest. The latter is covered in self-supporting mesh or upholstered in fireproof expanded polyurethane foam with a thickness of 25 mm and a density of 50 Kg/m³.

SEAT: Features integrated 70mm translation, padding in fireproof expanded polyurethane foam with a thickness of 40mm, density of 50 Kg/m³, with internal polypropylene insert, cover casing in reinforced polypropylene with transverse steel bars.

FINISH: Black plastics.

4D ARMRESTS: (width, height, depth, inclination) chrome T-shaped version with black soft polyurethane pad.

MECHANISM: Synchronized automatic mechanism with tension adjuster, 5 locking positions with anti-shock function.

BASE: Cast aluminum polished finish.

CASTERS: Black rubber auto-braking Ø 65 mm casters.

HEADREST: Polypropylene headrest.

FABRIC: Customization of fabric options available, offering a wide range of colors.

USAGE INSTRUCTIONS

Utilization of the entire seating surface: The surface of the anatomical seat should be fully occupied. Only in this way is the correct contact with the backrest ensured, thus providing adequate support.

MAINTENANCE AND CLEANING

Metal Parts: For cleaning, use specific products for metal polishing to slow down natural oxidation due to contact.

Upholstery and Padding: Any stains on the upholstery fabric can be removed either with mild neutral detergents or with specific products recommended by the manufacturer as sanitizing and water-repellent, for better preservation of the upholstery's good condition. If the paddings present structural issues requiring maintenance, they should be handled exclusively by specialized personnel.

ASSISTANCE

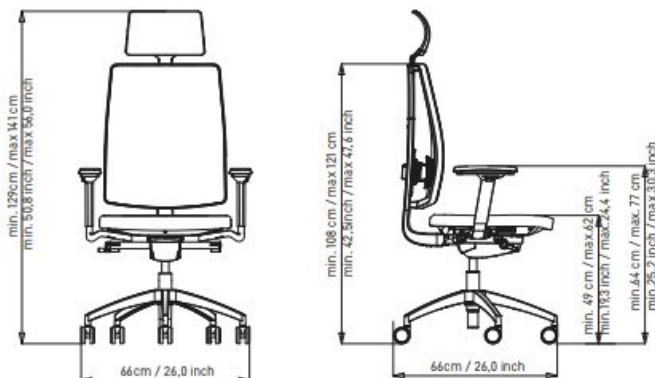

Service operations must be carried out exclusively by specially trained personnel, and requests should be directly forwarded to LUXY as the manufacturer. Maintenance and component replacements performed by unauthorized personnel will void the warranty.

WARRANTY

Our products are guaranteed for 5 (five) years and cover manufacturing defects or defects in materials not attributable to improper use of the product. Excluded from the warranty are excessive or incorrect use of the product, natural wear and tear of materials (fabrics), defects caused by interventions carried out outside the manufacturer's premises, defects due to humid environments or atmospheres with the presence of salt or acids. Our warranties reflect the workmanship on the production materials and not the intrinsic qualities of the materials themselves.

PRODUCT INFORMATION

The materials used are recyclable. At the end of its use, do not disperse the product into the environment, but dispose of it according to the type of material. The company reserves the right to make changes to this catalog and production without prior notice.
