

SWITCH

ARTICOL: SW6

CODE: 4SWDI06

DESCRIPTION

SWITCH is a collection of office chairs certified according to the new European standard EN1335-1:2020, where modern design and ergonomics blend together, creating a chair that perfectly meets everyday work needs. The version with a headrest makes Switch a versatile product, also suitable for executive ergonomic use.

BACKREST: Made of high-strength polypropylene loaded with glass fiber, supported by a black polypropylene back blade. The back blade contains an adjustable lumbar support, adjustable in both height via a button and depth via a knob located in the central part of the backrest. The latter is covered in self-supporting mesh or padded with 25mm thick fireproof polyurethane foam with a density of 50 Kg/m³.

SEAT: With integrated 70mm slide, padded with 40mm thick fireproof polyurethane foam with a density of 50 Kg/m³ and internal insert in polypropylene, covered by a protective cover in polypropylene reinforced by transversal steel bars.

FINISH: Black plastics.

4D ARMRESTS: (width, height, depth, inclination) black T-shaped version with black soft polyurethane pads.

MECHANISM: Synchronized automatic mechanism with tension controller, 5 locking positions with anti-shock function.

BASE: Black nylon.

CASTERS: Self-braking Ø 50 mm black rubberized casters.

HEADREST: Black polypropylene headrest.

FABRIC: It is possible to customize the choice according to a wide range of available colors.

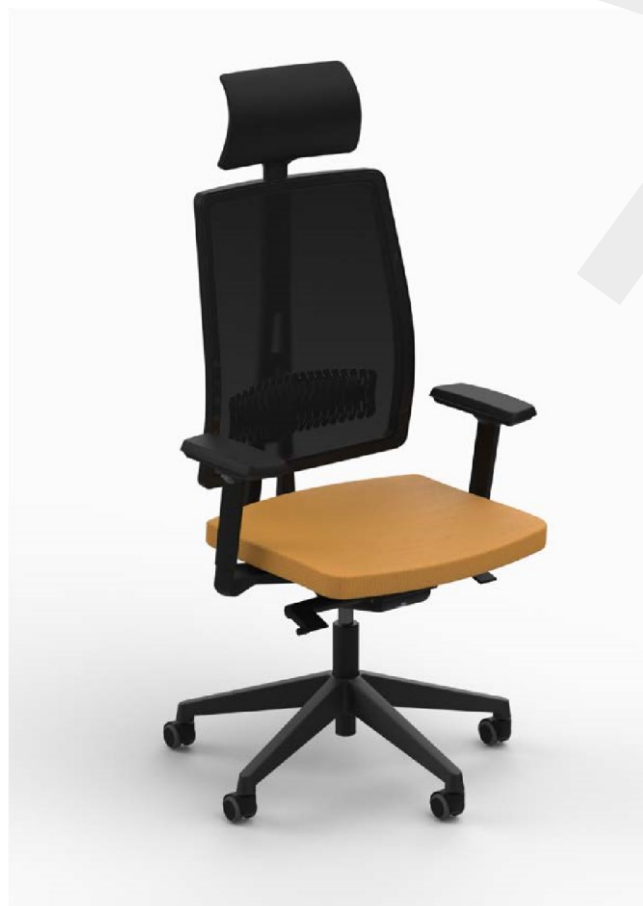

USAGE INSTRUCTIONS

Utilization of the entire seating surface. The surface of the anatomical seat must be fully occupied. Only in this way is the correct contact with the backrest guaranteed, and thus adequate support.

MAINTENANCE AND CLEANING

Metal Parts For cleaning, use specific products for metal polishing to slow down natural oxidation due to contact.

Coating and Padding Any stains on the fabric coating can be removed with mild neutral detergents or with specific products recommended by the manufacturer as sanitizing and water-repellent, for better preservation of the coating's good condition. Padding, if it presents structural issues requiring maintenance, should be handled exclusively by specialized personnel.

ASSISTANCE

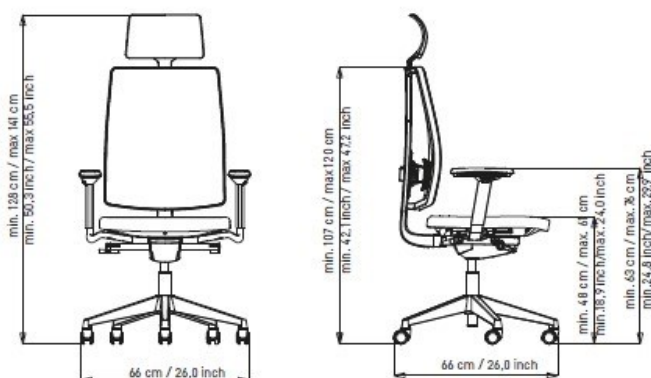

Service operations must be carried out exclusively by specially trained personnel, and requests should be forwarded directly to LUXY as the manufacturer. Maintenance and component replacements performed by unauthorized personnel will void the warranty.

WARRANTY

Our products are guaranteed for 5 (five) years and cover manufacturing defects or defects in materials not attributable to improper use or misuse of the product. The warranty does not cover excessive or incorrect use of the product, natural wear of materials (fabrics), defects caused by interventions carried out outside the manufacturer's premises, defects due to humid environments or atmospheres with the presence of salt or acids. Our warranties reflect the workmanship on the production materials and not the intrinsic qualities of the materials themselves.

PRODUCT INFORMATION

The materials used are recyclable. At the end of its use, do not disperse the product in the environment, but dispose of it according to the type of material. The company reserves the right to make changes to this catalog and production without notice.
