MAINTENANCE AND CLEANING

Metal Parts

For cleaning, use specific products for metal polishing, to slow down natural oxidation due to contact.

Upholstery and Padding

Any stains on the upholstery fabric can be removed with neutral mild detergents or with specific products recommended by the manufacturer as sanitizers and water repellents, for better preservation of the upholstery's good condition.

If the padding presents structural issues requiring maintenance, it must be handled exclusively by specialized personnel.

ASSISTANCE

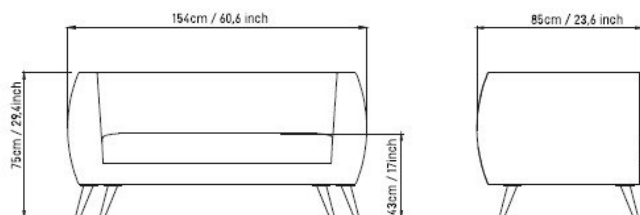

Service operations must be performed exclusively by specifically trained authorized personnel, and inquiries should be directed to LUXY as the manufacturer. Maintenance and component replacements carried out by unauthorized personnel will void the warranty.
