

LUXY®

The PLACE for IDEAS

Frame In

Frame In is Luxy's collection designed for indoor spaces, where elegance and functionality meet in perfect harmony. Flowing lines, balanced proportions and high-quality materials come together to create welcoming and versatile furnishings, ideal for the HoReCa world and home dining areas. Designed to enhance every convivial moment, Frame In brings the attention to detail and comfort typical of Luxy's design indoors, turning any space into a place of true well-being.

THE COLLECTION

Frame In includes a variety of indoor elements:

- Chair, available with or without armrests
- Two lounge tables

The chairs feature a structure made of FSC-certified wood, available in three colour variants: black, natural, and beech.

The tables combine a sturdy metal frame with a wooden top, coordinated in the same finishes as the seating.

An elegant and consistent system, designed to furnish indoor spaces with style and functionality, from HoReCa environments to private homes.

RESIDENTIAL PROJECT

In a recent private project, Frame In was chosen to elegantly furnish the interiors of a private home.

The version shown features a lacquered black wood frame paired with soft camel-colored leather, a sophisticated and timeless combination.

Thanks to its essential design and refined finishes, Frame In fits perfectly with any decor style, from contemporary to classic.
