**CODE:** 4BAAT54

## DESCRIPTION

**BIGA.** The name of the product already reveals the shape of this armchair inspired by the Roman chariot called Biga. It's a bold, imaginative, and passionately approached new design project. Behind the form lies a functional study on acoustics and privacy that this armchair guarantees. The philosophy is to create one's own space within the environment without isolating oneself from it. To have one's own privacy to think, work, and why not even relax, inserted into the context in which one lives. Completing the family is the BIGHETTA armchair version.

**SEAT:** Fireproof polyurethane foam padding density 50 kg/m3, with double plywood inserts.

**BASE:** 4-legged beechwood base with natural finish.

## USAGE INSTRUCTIONS

**Utilize the entire seating surface.** The surface of the anatomical seat must be fully occupied. Only then is the correct contact with the backrest guaranteed, ensuring adequate support.

## MAINTENANCE AND CLEANING

**Metal Parts:** For cleaning, use specific products for metal polishing to slow down natural oxidation due to contact.

**Upholstery and Padding:** Any stains on the fabric upholstery can be eliminated with mild neutral detergents or with specific products indicated by the manufacturer as sanitizing and water-repellent, for better preservation of the upholstery's good condition. The padding, in case of structural issues requiring maintenance, must be handled exclusively by specialized personnel.
